

Flowmon Support

Versions

Fully Supported

Products in this category receive all updates and upgrades. It includes bug fixes, minor or major improvements and completely new features. All major upgrades are limited to appliances with a valid Gold Support subscription.

Security Updates Only

Products in this category receive only updates containing fixes for high-priority security vulnerabilities. Flowmon Networks reserves the right to assess the impact of identified vulnerabilities and categorize them in terms of priority based on this assessment.

Not Supported

Products in this category are not receiving any updates. Customers still have the option of contacting Flowmon Support and requesting assistance.
